

MOMS IN TOUCH INTERNATIONAL

Moms In Touch International -

Fern Nichols, President and Founder of Moms In Touch International (MITI), located in Poway, California, loves to pray. She remembers as a young child going to Wednesday night prayer meetings where she would sit next to her mother in the pew with her legs dangling unable to reach the floor. As she listened to the prayers of the saints, her heart was filled with peace and security.

Brief History of Moms In Touch International -

In the fall of 1984, Fern Nichols' two oldest children of four were entering junior high school. Her heart was heavy and burdened with concern as she knew they would be facing their greatest test in resisting immoral values, vulgar language, peer pressure and philosophies that would undermine their faith. She cried out to the Lord asking Him to protect them, enable them to see clearly the difference between right and wrong, and make good decisions.

Moms In Touch International is two or more moms who meet for one hour each week to pray for their children, their schools, their teachers, and administrators. These are Moms who believe that prayer makes a difference.

Our Purpose is

- To stand in the gap for our children through prayer.
- To pray that our children will receive Jesus as Lord and Savior, then stand boldly in their faith.
- To pray for teachers and staff.
- To pray that teachers, administrative staff, and students would come to faith in Jesus Christ.
- To provide support and encouragement to moms who carry heavy burdens for their children.
- To pray that our schools may be directed by Biblical values and high moral standards.
- To be an encouragement and a positive support to our schools

Who Else Is It For?

PRODIGALS

There are moms with children who cause them great worry and much sorrow. A Moms In Touch group offers the kind of support these mothers need in an atmosphere of prayer, concern and mutual understanding.

GRANDMOTHERS

How special it is when a grandmother is the one to intercede for a child. What a powerful way to be part of her grandchild's life.

CAREER

Since our children make many of life's greatest decisions after high school or college, many mothers desire to continue to meet and pray for their young adult children who are not in school.

ADOPT A CHILD

A woman with no children, a grandmother, or any woman willing to be committed to pray for a particular child might consider joining a MITI group and "adopting a child". Every neighborhood has children in need of prayer.
